Progress Association News

WATER TOWER OFFICIAL OPENING

The water tower mural will be officially opened on Thursday 24th August at 10 am with a special ceremony and speakers including Len Waters’ daughter, Julia. Len Waters, who is featured on the tower, was the only Aboriginal fighter pilot to see action in World War 2. He graduated as a pilot at the Uranquinty Airforce Base and the 24th August coincides with the 81st anniversary of his enlistment and the 30th anniversary of his death

Those who stay on for morning tea at the hall will be treated to a video by the artist, Damien Mitchell who was featured on last edition’s cover. See page 3 for your invitation.

The newly painted tower has already attracted visitors to the village and we are actively promoting the tower and our community via social media, Wagga Wagga City Council and NSW Tourism. Soon to be erected signage at the site will provide information on the history of Uranquinty, the tower and the artist with QR code links to websites for more detail.

Memorial Pavers

The village-wide appeal has been a successful fundraiser to supplement grants for the water tower project. They have been delivered and hopefully will be laid in time for the opening, both at the tower and Wirraway Park. Further donations supplemented paver costs: thank you to the Australian Art and Silo Trail, Uranquinty Folk Festival and the many locals who purchased pavers.

Continued page 2

Eco Cultural Garden and Hall

The garden will be rejuvenated in time for the opening and the new flooring has been laid at the Hall, just in time to show off to our visitors and locals at the tower opening. We need your help for a final clean up. Hall: 22 July between 9am and noon; Garden 6 August between 2 and 4 pm.

Uranquinty Garage and Car Boot Sale Thanks to the Quinty Pub for coming on board and hosting the Car Boot Sale in their car park and putting on some extra events so pay them a visit while checking out what is on sale. You can still choose to host a garage sale at your home. See details on page 10

Community Hall

The hall floor has been completely replaced due to continual wet weather resulting in the floor lifting and rain entering the building through the wall. UPA is grateful to Wagga Wagga City Council for providing the funding to replace and install the new floor. Thanks to Mick Baker for sealing the edges and making the interior waterproof. The Men’s Shed did a wonderful job of removing the old floor in preparation for laying the new one and they will use the old boards for various projects. We await the result of a grant request from WWCC to complete the project with new skirting boards and a coat of sealant on the outer wall.

WAGGA WAGGA CITY COUNCIL

Dunns Road

The project team is currently finalising the remaining tasks before the contractor Excell Gray Bruni can begin the main construction work. The Director of Strategy and Projects (Phil McMurray) has advised that he would be happy to attend a community meeting to provide verbal updates on Dunns Road and if there is sufficient interest, we will advise the community when this will be scheduled. Please email uranquinty2652@gmail.com if you support a community meeting.

Road closure and traffic update Dunns Road, between Kunzea Place and Olympic Highway, will remain closed to all but local traffic. This closure is necessary to ensure the safety of all motorists and construction personnel. WWCC have recently installed new barriers and signage.

Preparatory work Fencing has been installed at the realigned road section near the Olympic Highway intersection.

Upcoming activities Earthworks will widen and reshape Dunns Road towards the highway, creating a foundation for the construction of the new Olympic Highway intersection. Sealing Dunns Road will start at the same time. WWCC apologises for disruptions.

. Toilet Blocks

- The WWCC Facilities Maintenance team has discussed the standard of cleaning with the contracted cleaners and the cleaning will be monitored over the coming months to ensure it is up to the standard required.
- Lighting has been upgraded internally to both toilet facilities to improve safety for users.
- The Long-Term Financial Plan includes a full rebuild of the toilet facility near the tennis courts in the 23/24 financial year so there will be no upgrade of facilities during the next two years until that facility is demolished and rebuilt, it will be monitored for adequate cleaning during this time.
- The Wirraway Park rest area facilities will be painted over the coming months, with the installation of new fixtures to replace the old hand basin and other fittings. The lighting has also been improved in this facility.

Vandalism Currently there is no budget for security cameras to be installed. Council will take this on notice and will investigate options.

Community Safety

Cars for Sale: Members of the public leaving vehicles for sale on road reserves do so *at their own risk* and should be mindful of the safety risks they are creating. Road reserves cannot legally be dedicated as parking areas.

Road Signs: Children warning signs were erected in Connorton Street at the Uranquinty Neighbourhood Centre to advise cars to slow down in this area.

Uranquinty Pre School News

To coincide with our work on risky and nature play, we are very excited about our campfire that we are having at preschool. In preparation, the children have identified the campfire rules and we have prepared a risk assessment to keep us all safe. The children are looking forward to cooking marshmallows over the fire. To incorporate the Aboriginal perspective, we welcomed Aunty Tez who showed the children how to draw symbols. Many of the children drew the symbol for a campfire with children sitting around it.

Trish, our Resident Artist joined us on our excursion to Erin Earth. This was a great day out where we became familiar with the workings of Erin Earth. The children had time to explore and learn about the biodiversity practices that are used in this area.

Trish then set the children a task of collecting natural materials. They were only to take what they found on the ground. The materials were then used to create a face. Trish has also spent many weeks working with the children, on nature art. We wanted to make use of the beautiful leaves and natural materials we had available to us, in our playground.

We are very excited to announce that we have received \$7 000 from Origin Energy to complete our new art room. After we renovate a storage shed, our storeroom will become an art room where the children will be able to revisit their art works. We hope to complete this over the next few weeks.

Uranquinty Preschool is currently taking enrolments for 2024. The Start Strong Funding enables children to attend preschool free of charge for 15 hours. Uranquinty Preschool also offers a third day for a fee of \$30 per day.

Please contact the Director Louise Grigg, on 6922 9787 or our email address uranquintypreschool@gmail.com for enquiries.

ST PATRICK'S URANQUINTY

Best wishes and safe travelling for all Uranquinty families over the Winter Break!

Mass on Sundays at St Patrick's has been on hold over the last few months; however Fr Paul Hart will be able say Mass for us on Sunday 2nd July 8:30am, with a cuppa and brunch afterwards. Everyone is welcome. Fr Casanova is hoping that we can have Mass on a more regular basis in future.

Times of Mass at Our Lady of Fatima, Bourke St are 5:00pm Saturday and 8:30am, 10:30am and 5.30pm (Syro-Malabar) on Sunday.

Sacrament of Penance/Reconciliation is available Saturday Mornings at Our Lady of Fatima from 10:30-11:30am, and before Mass at St Patrick's. =

For the latest parish information, consult the parish web site: www.olof.waggamatters.com, or the facebook page: OLOF south waggga; you can also contact the parish office.

The office is open **9am - 1pm Tuesday – Wednesday & 10am - 2pm Thursday - Friday**

The parish bulletin is published every Friday; if you would like to receive a copy and have an email address, please contact Cheryl or Jean at olofparishsouthwagga@gmail.com,

Ph 69252111, and they can put you on the mailing list.

This is a good way of hearing about news and events in our parish.

Sacraments to home-bound or when in Hospital

Please notify priests (ph. 69252111) when a member of your family or a parishioner is in hospital or house-bound and in need of the sacraments, especially the Anointing of the Sick or Holy Communion.

Healing Masses August 22nd and September 26th.

Anointing Masses are held at 10.30am on Tuesdays; next dates are July 25th, August 29th and 26th.

Baptisms Any families wanting to have their children baptised should contact Father Casanova at Our Lady of Fatima Presbytery; the next preparation meetings are 9am Saturdays: 8th July, 12th August and 9th September. Contact the Parish Office for more information!

NEW TO THE PARISH?

If you have moved to our parish recently, welcome, and please introduce yourself to Fr Casanova. If you would like to know about groups and events that go on at Our Lady of Fatima, please ring the Parish Office and they can assist you - 69252111.

THOUGHT

Dirty water doesn't stop plants from growing, so don't let negative words stop your progress.

URANQUINTY PUBLIC SCHOOL

Term 2 has been very busy with our Annual Book Parade and lots of sporting events.

The Book Parade had a Pirate Theme and at the Book Fair many books were donated to the school and \$319 was raised for extra book purchases.

Our Year 6 students designed artwork for their Sports shirts and Martha's design was chosen to be printed on all Year 6 t-shirts.

We have had our UPS Athletics Carnival, Small School's Athletics and we sent four students to the Wagga PSSA Athletics Carnival.

Edith Lewington has qualified to represent Wagga at the Riverina Athletics in High Jump and Long Jump.

Our students also ran in the Small School's Cross Country and nine students represented us in the Wagga PSSA Cross Country - congratulations to Georgie, Zahra, Asher, Mackenzie, Edith, Toby, Henry, Taylor and Lilly.

Uranquinty Power Station Update June 2023

Uranquinty Power Station (UPS) is owned and operated by Origin Energy. The station comprises four gas turbines with a total generating capacity of 640-megawatts (MW).

Station Update

We've been busy on site ensuring systems, processes and equipment are in good condition as we head into winter. Our focus has been on making sure the power station is ready for the high demands / variability / uncertainty we may be exposed to during this period.

The UPS team are planning for rolling outage work across our units during September and October where there will be further testing of generator and HV protection systems and electrical distribution, switchgear and internal exhaust inspections as well as some generator maintenance.

We are currently optimising our water systems with water treatment plant works and replacing component. This includes the replacement of reverse osmosis membranes designed to remove most impurities from the water that can contribute to component erosion.

We look forward to as short mild winter but have planned for a long cold wet one ☹️

Our team and I have also been catching up on training, recently completing CPR and low voltage switch board rescue refresher courses. We hope to support students and parents from Uranquinty Public School with CPR training prior to summer.

If you have any questions or concerns about UPS or our operations, please contact Catherine Beaumont, Community Relations Officer on 0460 007 604 or email Catherine.Beaumont@originenergy.com.au.

**Paul Olsen - Plant Manager,
Uranquinty Power Station**

Community Investment

Origin is committed to supporting the communities around our operations. We are proud to have helped support some great activities this year by investing in the Uranquinty and surrounding community with ongoing financial and in-kind support including:

Uranquinty Preschool

UPS community investment matched the fundraising efforts of the Uranquinty Preschools Parents and Friends to enable the large storage shed that had recently been donated from the Uranquinty Playgroup to become a safe and secure space to store larger play items. The classroom which currently houses this equipment will be transformed back into a friendly educational space for the children to use. Origins matching contribution will enable the shed to be weather and vermin proof, have adequate lighting and shelving making both areas accessible all year round.

Quinty Men's Shed

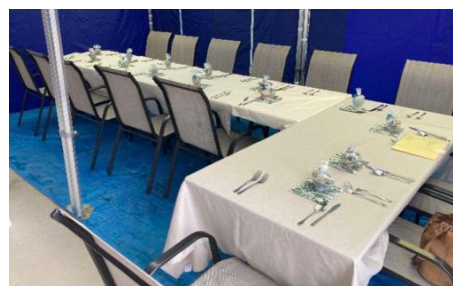

The last few months have seen a very busy time for the Shed. The work started just after Easter with taking up the water damaged timber floor in the Community Hall – four days with all members ‘nose to the grindstone’ We are currently making a set of stairs to enable better access to the stage in the Hall.

In April we received a request from the Wagga Potters Club to store their raku kiln and allow them to fire the kiln at the Shed so the end of April saw us hosting a raku day. Some of our members and their wives found time to join a workshop to make pieces to fire and the potters made pieces for those who could not attend the workshop. The ensuing raku firing day was a really interesting and enjoyable day for all concerned. Another day is planned for later in the year.

The members decided to hold a Ladies Lunch in May for wives and daughters – a belated ‘Mother’s Day’ event. Members went all out and turned the carport and adjacent area into a restaurant with full table service, roast dinner, a choice of deserts, entertainment to follow and a small gift for each lady. There is a rumour current that wives will be mounting a campaign for a repeat performance next year.

Members are now involved in several new projects. Our numbers are growing and we welcome our new members. We meet on Mondays and Thursdays between 9.00 am and 2.00 pm with our monthly meeting on the last Saturday of each month commencing at 12.00 noon. All welcome.

Uranquinty Hotel Social Club

The Social Club will be having a Mystery Bus Trip on Saturday 22nd July. We will be departing The Uranquinty Hotel at 3pm. Cost is \$70 per head for members. This includes dinner and drinks. Members are asked to RSVP no later than Friday 7th July to Sue on 0428229772.

The raffles are on every Friday night at the hotel. Five meat trays and a \$30 pub voucher up for grabs. Members draw jackpots \$50 every week. Must be there to win it. Please check the roster at the hotel to see when you are on.

New members always welcome!

Quinty Bakehouse wins silver!

The Australian Baking Association has just awarded the Quinty Bakehouse silver in four categories of pies. Well done to the team!

Uranquinty CWA has been cooking and crafting up a storm

The CWA Uranquinty Evening Branch has had a productive first half of 2023. Here's a little taste of what the women have been up to!

February

The Branch catered for the Clearing Sale at "Meadowvale" on 17 February and hosted the CWA Riverina Group Council Meeting at the Uranquinty Hall on 27 February. President Maree Crosskell said it was a great way to kick off the year by raising goodwill and funds for the Branch, with funds set to go towards local community projects and activities to be undertaken throughout the year.

March

Branch Members took part in the CWA Riverina Group Handicraft & The Land Cookery Day held at Collingullie Soldiers Memorial Hall on 11 March. Members entered items in several categories in the handicraft competition and came away with a number of prizes. While other Members enjoyed listening to the Cookery competition judge's baking tips!

Maree also submitted an amazing entry into the CWA's International Doll Competition. The doll (pictured) is clothed in the traditional dress of this year's Country of Study, Latvia. All of the doll's clothing was handcrafted by Maree.

April

The Branch had possibly its busiest month ever in April! Members baked more than 200 ANZAC biscuits and distributed to attendees of the ANZAC Day Service in Uranquinty on 25 April. They then backed up the next day, catering for the Bull Sale held at Gerald and Lynden Spry's beautiful property in Maxwell before heading back into the kitchen to prepare for the River & Wren Market that weekend. The home-baked cakes and slices were a hit with market-goers, with the stall raising over \$1,000 which will help purchase equipment for Wagga Wagga Base Hospital's Maternity Health Services.

Members also attended the ACWW Women Walk the World event held in Collins Park, Wagga Wagga which was organised by Nicole McHenry, a Uranquinty Evening Branch Member who is also the current CWA Riverina Group International Officer.

May

In early May, five Branch Members attended the CWA of NSW State Conference in Bathurst. At this year's Conference, the Branch put forward a Motion calling on the CWA to advocate for the Federal Government to adopt the Royal Commission into Aged Care Quality and Safety recommendations to improve the standard of oral health care for older Australians and training for aged care workers. CWA Members from across the State voted unanimously in favour of the Motion and it will now form part of the CWA's policy agenda.

New Members are welcome! Meetings are held on the third Tuesday of every month at 7.00pm. Email uranquintyeveningcwa@gmail.com if you are interested in joining the CWA.

Top to bottom: 'Meadowvale' clearing sale; Maree Crosskell's Latvian doll; CWA Group Handicraft Day, Collingullie; River & Wren

Thank you Origin Energy and CSU

The Uranquinty Evening Branch would like to thank Origin Energy for its generous donation of \$1,000 in support of the Branch's community activities. The Branch has also recently been awarded a \$1,000 grant in the Charles Sturt University's 2023 Community University Partnerships Grant Program to develop a Community Events Kit. The kit will include CWA-branded banners and a marquee which the Branch will put to good use whenever it holds, or is involved with, community events.

Social News

Ron Lewington Family and friends were saddened to hear of the passing of one of Uranquinty’s long time residents. Ron was the eldest son of Archibald and Virge Lewington and grew up on the family farm ‘Bon Accord’ along with his brothers Doug, Colin (dec), Lou and sister Gloria. He attended Uranquinty Public School, St Michael’s High School and finally Saint Joseph’s College, Hunters Hill.

After leaving school Ron returned home to the farm where he worked with horse teams ploughing, sowing crops and cutting hay. In 1956 he carried the Olympic torch along a section of the Olympic Way together with his brother Doug and friend Brownie Whyte. In 1961 he married Sandra Cross and they settled at ‘Greendale’ and raised three children Scott, Amanda and Justin

Ron was involved in many local groups including the fire brigade, the Progress Association and was chairman of the board of the Riverina CoOp when it moved from Baylis Street to Moorong Street. For many years he also ran a grain and fertiliser business at The Rock. Another of his projects was to keep Dunns Road open and spent many hours talking with WWCC engineers and councillors and helping to arrange petitions. He also worked hard to find a way to keep Lake Albert full and was part of the group that tried to drill a bore to supply the lake. Ron and Sandra moved to Wagga to live in 1989 but Ron still came out to the farm most days to work. Our thoughts are with his family and many friends.

Robert (Bob) Bourne Also recently passed away. Bob’s family lived at Collingullie and in 1966 he married Jack and Peg Rodham’s daughter Pam. Bob and Pam raised twin daughters, Katrina and Amanda, and twin daughters Elizabeth and Susan. In 1986 they moved to Albury where they owned a Country Chicken Stop.

When Jack and Peg Rodham retired to Wagga, Bob and Pam moved back to the family home, ‘Weemont’. Their daughter Elizabeth ran the Uranquinty Post office for a number of years. Bob and Pam had recently moved to Settlers Village. Our thoughts are with Pam and the family.

Congratulations to Olivia and Wade Land on the arrival of their son.

Welcome to all the new residents in our community. We hope you will join in local life with us and check out all the great groups and activities within the village.

Community Safety Group

The Uranquinty Community Safety Group works under the auspices of the SES. In the event of an emergency, we are notified by the SES of the nature of the emergency and advised what action the group is to take.

We continue our close liaison with the SES, particularly in respect to the current weather situation.

Our main focus is on early warning and assisting those in need.

Emergency equipment has been supplied by the SES and is located in a container within the Mens Shed grounds. Sand for sandbagging, should it be required in a rain event, is also available at the Mens’ Shed. We will be maintaining a small supply of sandbags stored outside the Mens’ Shed perimeter next to the back entrance gate between the Mens’ Shed and the Neighbourhood Centre. These are available for emergency situations. Should a flooding event occur the Mens’ Shed will of course be opened.

As always we are looking for new members. Contact Brian 6922 9776, Deb 6922 9744 or Ged 0477 625 000.

VILLAGE GARAGE AND CAR BOOT SALE

Saturday, 2nd September 2023 8am – 4pm

Registration: At the Quinty Pub by 16 August. Specify if a garage sale at home or boot sale at the pub car park. They will compile participant lists and collect the \$15 registration fees.

Fees will cover printing of maps and the advertising.

PLUS SPECIAL FUN PUB EVENTS!

Uranquinty P&C Battery Drive

Do you have any dead batteries lying around? Do you know someone who does? Please text or call Skye **0429 205 182** for drop off instructions or we can arrange collection.

Uranquinty Rural Fire Brigade – what’s it to you?

Captain Trevor Jansen and Tahlor Styles.

The Uranquinty Fire Brigade needs your help. They are very low in numbers and if a fire breaks out in the village during working hours there will be virtually no one to come and put it out. Fire trucks will have to come from Wagga Wagga.

There used to be a strong band of volunteers, both farmers and towns people always on hand but over the last few years, numbers have decreased dramatically.

This is due to retirements and previous volunteers leaving the village. There was also a group of women willing and ready and trained to man the trucks and use the equipment, and if any ladies who would like to join they would be made most welcome. Under 18s are also welcomed.

Captain Trevor Jansen has indicated that the local brigade is looking to hold a get together to meet the members and hope that interested residents will come and inspect the equipment and find out more about the brigade and how to join.

The modern brigade was formed after a devastating house fire in the village in 1951 in which a small girl died 2 days before Christmas. We would be devastated if something like that ever happened again.
