Progress Association News

URANQUINTY WATER TOWER (photos page 3)

As most people are aware the official opening of the water tower mural took place on Thursday 24 August at the site. The weather was perfect, and we were honoured to have Julia Waters and members of her family attend. Julia is the daughter of Len Waters who is featured on the mural and was the only Aboriginal combat fighter pilot who trained at the RAAF Training Base in Uranquinty. Prior to the event a lot of work was carried out at the site to clean up the paths and remove weeds and plant new stock. Wagga Wagga City Council's 'One Tree for Me' program has been a great source of native plants and their team were at the Community Hall to provide plants for anyone who would like some.

Also attending were representatives from our sponsors Transgrid, Eastern Riverina Arts, Riverina Water, Origin Energy, the Mayor of Wagga Wagga City Council, Michael McCormack MP, Glen Braz, Air Vice Marshall Australia, representatives from the Wagga RAAF Base and RAAF Point Cook in Victoria, which is where the aircraft training continued after Uranquinty Airbase was decommissioned. Temora Aviation Museum sent a Wirraway aircraft for the flypast. As well, local residents and visitors, students from Uranquinty Public School and members of Uranquinty Progress Association were present. The event opened with a smoking ceremony and didgeridoo duet performed by a serving RAAF Airman and at the conclusion of the official proceedings we were treated to a flypast of a Wirraway aircraft flown by the grandson of a pilot who had trained (and trained others) at Uranquinty. The newly installed information signs were formally unveiled by Julia Waters and Glen Braz and morning tea was held at the Community Hall. The Quinty Evening CWA ladies did a terrific job and Quinty Bakery also supplied savouries. UPS students had an exhibition of artwork at the Hall which told the stories on the water tower.

It was a lovely opportunity to meet people with a connection to Uranquinty

Continued page 2

and we were lucky to have good media coverage for the event which we are sure will encourage visitors to the village to learn about our history. Unfortunately, Damien Mitchell, the artist, was unable to attend as he is currently in the USA, but his parents came and were very proud of his work and the impact of the mural.

The memorial pavers have been laid at the water tower site and we are indebted to the Quinty Mens Shed for the hard work, next will be laying the pavers at the cenotaph site – all volunteers are welcome!

Our thanks to everyone involved in making the opening ceremony a special event and to the volunteers without whom it would not have happened. Our next task is to find funding to install roadside signage to the water tower to improve our hits on Google and Apple Maps! More photographs will be available on our website.

WAGGA WAGGA CITY COUNCIL

Dunns Road

Due to safety concerns, Council has fully blocked all access to the Olympic Highway end of Dunns Road while further construction work is under way. A hard closure has been put in place at the western end in response to motorists blatantly disregarding road closure signs and driving through the road works site.

The construction site is a high-risk zone due to heavy machinery and workers on the road.

While road closures might be inconvenient; they are essential safety measures to protect the lives of both our construction workers and the public.

Police are maintaining a high presence in the area. Motorists who do the wrong thing face the possibility of receiving fines and, if they are involved in an accident, this could also affect their ability to make an insurance claim.

YARRAGUNDRY ESTATE

Work has finally begun on widening the streets around this block, and hopefully work at the end of Baker Street and the reserve will also begin soon.

VILLAGE GARAGE SALE

This year the well attended village garage sale was held on Saturday 2 September at 16 locations around the village, and a veranda sale at the Quinty Pub. UPA is looking for a person to take on this project for next year. Please contact UPA if you see yourself in this role, we will provide support for the coordinator.

THE LONG WALK

Michael Long, Nova Peris and ‘the Long Walk for the Yes vote’ crew visited Uranquinty on Friday 8 September exploring the Uranquinty Airbase Memorial at Wirraway Park and were able to visit the and hear about the Water Tower Art project. They were very impressed with the history represented in Quinty.

URANQUINTY FOLK FESTIVAL

The Folk Festival will again take place over the long weekend from 29 September – 1 October and is always a great event for the village. Programs available at the Quinty Pub. More in Coming Events on page 1.

COMMUNITY HALL

Bookings for the hall are starting to pick up again after winter. The hall had a thorough clean before the water tower opening and is looking very good. Go to our website at www.uranquinty.com.au for online bookings.

GALLERY – WATER TOWER MURAL OPENING

*Clockwise from top left:
Flypast of a Wirraway from Temora Aviation Museum with participation of 100 Squadron, Point Cook.
Air Vice Marshall Glen Braz and Julia Waters, Len Waters' daughter, with the new interpretive description of the water tower mural (Daily Advertiser 25-08-23) Smoking Ceremony.*

*The audience included numerous RAAF and sponsors' representatives and many locals. Uranquinty Public School students contributed artwork displayed at the Community Hall reception.
Air Vice Marshall Glen Braz and Julia Waters whose families have known each other for years.
The CWA prepared a fabulous spread for morning tea at the hall after the ceremony.*

Uranquinty Pre School News

This term we had a visit from Ben and Reptile Encounters. Ben brought a turtle, lizards, a snake and a baby crocodile. This was a great hands on experience for the children, as they were able to get up close to the reptiles and touch them.

We have also been enjoying our regular nature/neighbourhood walks. As the season changes, the children have noticed the birds and blossoms on the trees. We take a basket to collect any natural loose parts we can find. These have then been used for sorting/classifying and making into sculptures.

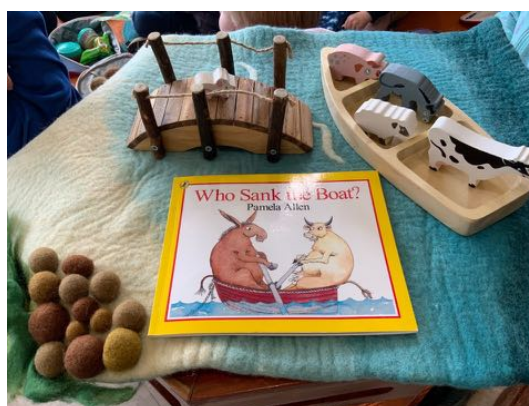

For Science Week, we explored several of Pamela Allen's picture books. One of the stories the children particularly liked was 'Who Sank the Boat?'. This story evoked lots of ideas and theories about who did sink the boat and why it sank. The children have then been offered props from the story, so that they can revisit the story. This also helps build literacy skills as the children engage with texts (EYLF v.2 2022, Outcome 5).

During Science Week, we introduced the Beebot. This is a small robot that the children code by pushing the direction buttons. This took a little practice but, once the children understood the concept, they were able to work collaboratively with each other.

The children have mastered the Beebot so well, that we have been able to create our own grid mat using photos from our nature/neighbourhood walk.

At preschool, we plan and create environments that promote and support different types of play for children's active engagement, problem solving, agency, creativity and exploration.

When possible, we offer children natural materials that they can use for building, design and experimentation. A range of different shaped and coloured beach stones supported 'Rock Mushrooms', as the children explored balance, sorting and classification. All sorts of loose parts in the block area, have encouraged patterning and different styles of building, creativity

Uranquinty Preschool is currently taking enrolments for 2024. The Start Strong Funding enables children to attend preschool free of charge for 15 hours. Uranquinty Preschool also offers a third day for a fee of \$30 per day. Please contact the Director Louise Grigg, on 6922 9787 or our email address uranquintypreschool@gmail.com for enquiries.

ST PATRICK'S URANQUINTY

Best wishes and safe travelling for all Uranquinty families over the Spring Break!

Mass on Sundays at St Patrick's has been on hold over the last few months; however Fr Casanova has provided an update.

Times of Mass at Our Lady of Fatima, Bourke St are 5:00pm Saturday and 8:30am, 10:30am and 5.30pm (Syro-Malabar) on Sunday.

Sacrament of Penance/Reconciliation is available Saturday Mornings at Our Lady of Fatima from 10:30-11:30am, and before Mass at St Patrick's.

For the latest parish information, consult the parish web site: www.olof.waggamatters.com, or the facebook page: OLOF south wagga; you can also contact the parish office.

The office is open **9am - 1pm Tuesday – Wednesday & 10am - 2pm Thursday - Friday**

The parish bulletin is published every Friday; if you would like to receive a copy and have an email address, please contact Cheryl or Jean at olofparishsouthwagga@gmail.com,

Ph 69252111, and they can put you on the mailing list.

This is a good way of hearing about news and events in our parish.

Sacraments to home-bound or when in Hospital

Please notify priests (ph. 69252111) when a member

From Fr Thomas Casanova

Hi to all in Uranquinty and surrounding district. I am Fr Thomas Casanova, the new parish priest at Our Lady of Fatima church in Turvey Park, and also caring for the Catholic community at Uranquinty. I grew up on a farm, so if you need help drafting sheep, I'm up for it. But especially I'm available with the spiritual help, which is part of our Catholic Christian faith, for anyone in the district, whatever your background.

Recently we have sold a block of land near the Quinty church, the proceeds of which will help maintain and improve the church and the rest of the block.

God bless,
Fr Thomas

bound and in need of the sacraments, especially the Anointing of the Sick or Holy Communion.

Healing Masses August 22nd and September 26th.

Anointing Masses are held at 10.30am on Tuesdays.

Baptisms Any families wanting to have their children baptised should contact Father Casanova at Our Lady of Fatima Presbytery; the next preparation meetings are 9am Saturdays: 14 October, 11 November and 9 December. Contact the Parish Office for more information!

NEW TO THE PARISH?

If you have moved to our parish recently, welcome, and please introduce yourself to Fr Casanova. If you would like to know about groups and events that go on at Our Lady of Fatima, please ring the Parish Office and they can assist you - 69252111.

URANQUINTY PUBLIC SCHOOL

Silver Level

During Term 3 many of our students are achieving their Silver Level. At this level the students are recognised with a Silver badge and a visit to the Quinty Bakehouse for a treat with the Principal. Thanks to Quinty Bakehouse for supporting this reward. Some students are now beginning to achieve Gold level and will be recognised with their photos framed in the office for the following 12 months.

Gymnastics

Our students look forward to attending our six week gym program each year at Airborne gym in Wagga. The student's skills rapidly increase through this period and we see many demonstrations of their flips and turns in the playground as they practice what they are learning. Thanks to Origin Energy for supporting this program by subsidising the costs for all families.

Police Youth Liaison Officer

Recently we had two police officers visit the school to discuss road safety and cyber safety with our students. The discussions were valuable and reinforced the importance of our children making good choices for their own safety.

STEM

Our school has had the chance to borrow Lego Prime Robotic's kits this term. The students have rapidly increased their coding and robotics skills throughout the term with many varied robots being created and coded to perform a number of tasks.

Uranquinty Power Station Update September 2023

Uranquinty Power Station (UPS) is owned and operated by Origin Energy. The station comprises four gas turbines with a total generating capacity of 640-megawatts (MW).

Station Update

We've been busy on-site ensuring systems, processes and equipment have handled the increased demand over the winter period.

The UPS team are also planning for rolling outage work across all units during early 2024 when we'll test generators, HV protection systems and electrical distribution switchgear and inspect the internal exhaust systems.

We are currently looking into new projects on site to maximise safety for our team and visitors, and to raise the efficiency of the station in anticipation of increased demands as coal fired power stations gradually exit the National Electricity Market.

Our team on site is undergoing some change following the recent resignation of our Plant Manager Paul Olsen after seven years of service. We are currently undertaking the recruitment process for Paul's replacement and will reach out to the community for a meet and greet once this appointment is made.

The potential acquisition of Origin by a Consortium consisting of Brookfield and MidOcean Energy continues to progress, with Australian Competition and Consumer Commission (ACCC) currently assessing the proposal. There is no change to our operations, and we continue to remain focused on running UPS in a safe and efficient manner.

If you have any questions or concerns about UPS or our operations, please contact Catherine Beaumont, Community Relations Officer on 0460 007 604 or email Catherine.Beaumont@originenergy.com.au.

**Harold Villalba Tapia - Acting Plant Manager
Uranquinty Power Station**

Uranquinty Power Station Community Committee

We are currently seeking Expressions of Interest from Uranquinty community members interested in joining current representatives Lyle Salmon and Cathy Crick on the UPS Community Committee.

It is important to note that the Uranquinty Power Station Community Committee is not intended to replace existing communication channels and community members remain welcome to contact Origin directly at any time. The Committee is one element of a multi-faceted approach to community and stakeholder engagement put in place by Origin to ensure open and transparent communication between Origin and the Uranquinty community.

Please contact Catherine Beaumont, Community Relations Officers for more information on 0460 007 604 or catherine.beaumont@originenergy.com.au

Uranquinty Power Station Update September 2023

Community Investment

Origin is pleased to continue to support the local Uranquinty community.

Most recently we have supported the Uranquinty Neighbourhood Centre by replacing uneven pavers on internal pathways to make them safer for pedestrians and cyclists. The Neighbourhood Centre Committee were very thankful for our support and also the assistance of the community who helped remove over 1600 pavers which were sold to raise additional monies needed to complete the project.

Before

After

Origin aims to provide assistance to grass roots initiatives in communities where we operate. We seek to support initiatives and activities through community partnerships and community sponsorships which fall into one of the following priority areas:

- ✓ Community, Safety, Health and Wellbeing
- ✓ Skills and Education
- ✓ Environmental Stewardship; and
- ✓ Community Events and Activities.

If you have an event or activity coming up, please contact Catherine Beaumont to see how Origin may be able to help.

Uranquinty P&C Battery Drive

Do you have any dead batteries lying around? Do you know someone who does?
Please text or call Skye **0429 205 182** for drop off instructions or we can arrange collection.

Quinty Men's Shed

We have over the last months spent some time working on projects to assist the Uranquinty Progress Association.

At the Community Hall a new set of stairs to allow safe access to the stage has been constructed and installed.

Some of the 'named' bricks were laid at the water tower eco garden in time for the official opening. In the future we will be laying more of these special bricks near to the existing named bricks at the cenotaph.

Our association with the Wagga Potters Club continues with a second Raku Day being held at the Shed. A very enjoyable day for both Clubs. Some of our members also installed a bench top at the Potters Club rooms using some of the reclaimed timber from the Community Hall floor.

We welcomed two new members to the Shed but there is still room for many more.

We meet on Mondays and Thursdays between 9.00 am and 2.00 pm. Our monthly meeting is usually held on the last Saturday of each month commencing at 12.00 noon. However, we will be holding our meeting for September, which will include our AGM, on Saturday the 23rd September. All welcome.

For any enquiries phone Brian on 69229776 or Ged on 0477 625 000 or Lyle on 0427 229 899.

Uranquinty Hotel Social Club

The Social Club members have enjoyed a Mystery bus trip in July which took them to Grong Grong Hotel, Ganmain Sports Club and the Black Swan Hotel. We have also seen our members draw prize money get quite high, I wonder who will win it!

Our AGM is being held on 16th September. Hopefully some new people put their hands up.

Memberships will have to be paid by Friday 22nd September to be eligible to win the members draw.

Social News

Congratulations go to Keith Taylor who has just celebrated his 98th Birthday.

Get well soon to Rod Kilby.

Condolences go to the family and friends of Athol Cutler who recently passed away at the age of 91.

Athol and his wife Marie lived in Uranquinty for many years from 1943 until 1980 where he was a truck driver .

Our thoughts are with Marie, Peter (deceased) Carol, Margaret, Stephen and Greg.

Community Safety Group

The Uranquinty Community Safety Group works under the auspices of the SES. In the event of an emergency, we are notified by the SES of the nature of the emergency and advised what action the group is to take.

We continue our close liaison with the SES, particularly in respect to the current weather situation.

Our main focus is on early warning and assisting those in need.

Emergency equipment has been supplied by the SES and is located in a container within the Men's Shed grounds. Sand for sandbagging, should it be required in a rain event, is also available at the Men's Shed.

We will be maintaining a small supply of sandbags positioned outside the Men's Shed perimeter next to the back entrance gate between the Men's Shed and the Neighbourhood Centre. These are available for emergency situations. Should a flooding event occur the Men's Shed will of course be opened.

We have applied for a grant to construct an all-weather shelter for filled sandbags and other equipment and outdoor lighting for the sandbagging area.

As always, we are looking for new members. Contacts are Brian on 6922 9776, Deb on 6922 9744 and Ged 0477 625 000.

Uranquinty CWA

Uranquinty CWA out and about in the community!

The cold weather and grey skies of Winter haven't kept the women of the CWA Uranquinty Evening Branch indoors and under the covers. Members have been very active over the last couple of months, contributing to several local community events and initiatives.

Uranquinty Water Tower Mural Opening

The Uranquinty Evening Branch was especially proud to be a part of the event to mark the official opening of the Uranquinty Water Tower Mural, celebrating the township's contribution to Australia's military aviation history. Guests were treated to a delicious morning tea at the hall after the official proceedings prepared by Branch Members and Deb Bewick, Jenny Lewington and the Quinty Bakehouse. Special mention goes to Margie Carter's duck egg sponge, topped with passionate fruit and cream whipped using old-fashioned hand beaters!

A healthy donation to Wagga Hospital's Maternity Ward

The Branch's fundraising activities throughout the year enabled us to make a healthy donation of \$1,600 to the Wagga Wagga Base Hospital's Maternity Ward for the purchase of a SCORPIO Breastfeeding Training Kit. The kit will assist midwives at the hospital to access best practice breastfeeding training and education and increase the breastfeeding support for mothers and babies in their care.

Serving up scones and smiles at Charles Sturt University Open Day

Branch Members played a lead role in organising the CWA Riverina Group's Stall at the CSU Open Day at the Wagga Wagga Campus at the start of August. The Branch's Community Events Kit, created with a CSU Community University Partnerships Grant, was put to great use – with our new CWA-branded banners and tablecloths setting the scene for a wonderful day serving scones, jam and cream to prospective students. Even NSW Premier Chris Minns, Minister for Agriculture Tara Moriarty got to enjoy some fresh, home baked scones as they toured the CSU farm and agricultural research facilities!

Winning prizes at Ganmain

August was really an awesome month for the Branch, with Members entering a number of items in the CWA Riverina Group's Cultural Day at the Ganmain Hall. The Branch took home Second Prize for our Farmer Wants a Wife-inspired skit, and a haul of firsts and places in other competition categories for our art, photography, poetry and performances. A huge congratulations to Cathy Crick and the staff and students of Uranquinty Public School who submitted a number of entries in the Junior short story, photography and postcard categories. The school had the most entries of any school in the district, and our Members took great pleasure in presenting students with their prizes at a recent assembly.

Australian Children's Choir records CWA Centenary song

Last year, to commemorate 100 years of the CWA in NSW, our very talented Member Clare Wotherspoon wrote a CWA Centenary Song. In exciting news, the Australian Children's Choir has just recorded the song, with the choir's Artistic Director Daniel Brinsmead taking the opportunity to teach the students about the CWA as they learned the song. Clare has performed the song at numerous CWA events over the last 12 months including the Wagga Evening Branch's 50th and Galore Branch's 90 birthday celebrations, the Hillston Branch's 100th anniversary event and the 2022 Henty Machinery Field Days.

New Members are welcome! Meetings are held on the third Tuesday of every month at 7.00pm at the Uranquinty Hall. Email uranquintyeveningcwa@gmail.com if you are interested in joining the CWA.

History of the Uranquinty Bakery

Uranquinty welcomes the new owners of the Quinty Bakery and farewells the Gillanders family, Paul, Tanya, Chelsea, Sage, Boston and Vienna.

Bakeries have been an important part of the village since the turn of the last century and the first baker was Mr Morgan who's shop was situated in King Street.

The old Post Office in Morgan Street (now a residence) was also a bakery.

In 1954 Sam and Ella Castle purchased the General store and Post Office and, when the baker retired, Sam took over the Bakery with the help of his son Malcolm. The small butcher shop next door was then purchased and Malcolm became the butcher.

The Post office distributed the local mail received from the daily mail train. Most mail was collected but farmers on the eastern side of the railway had theirs delivered 3 times a week.

Sam had contracts with the local Air Force base delivering bread and some groceries and later he arranged a similar contract with the Kapooka army base.

In 1969 Sam sadly passed away unexpectedly and Ella was forced to sell the store and move to Wagga Wagga.

The Federal hall (now the bakery) has also had its share of owners over the years. Built in 1900 it was the place for many special occasions and dances. In 1910, when the new hall was completed, Mr Hugh Campbell converted it into a store and residence.

Messrs Heydon and Beattie, operated a drapery, hardware and grocery store for many years followed by the Spaul family and lastly Alex Zvargalis who ran a garage and shop from 1958 until 1980 when he was forced to close the service station when the petrol tanks rusted out and filled with water.

In 2001 the building was purchased by Tanya Gillanders who along with her husband Paul, began the restoration and later opened their bakery, which still flourishes today.

A late 1960s view of the Post Office and bakery operated by Sam and Ella Castle.

QUINTY SERVO & POST OFFICE

We are now preparing hot food on weekday mornings. Bacon and egg rolls etc are in the bain-marie from 6.30am.

Check out the monthly specials in store.

Bags of firewood, ice, swap and go gas bottles and soda stream bottles and motor oils also available.

Post Office services include bill payments and banking services (withdraw and deposit).

We have plenty of Post Office Boxes available to rent.

Store opening hours

Monday-Friday 5.30 am-8.00 pm

Saturday 6.30am-8.00 pm

Sunday 7.00 am-8.00 pm
