

After years of local action, Dunns Road has finally been opened to the public after a substantial upgrade. Read more on page 11. (Photo: Wagga Wagga City Council)

Coming Events

Sunday 14 April: Family fun day fundraiser for Wagga Wagga Takes 2, Quinty Pub, live music, face painting, raffle (see ad page 3)

Tuesday 16 April: Community meeting with Council in the hall; details to come.

Thursday 18 and Friday 19 April: 10 am-3 pm; Tape It school holiday fun (see ad page 3).

Friday 19 April: Pinot & Picasso, 7pm-10pm, Uranquinty Hotel (details page 10).

Thursday 25 April: Anzac Day at the cenotaph; march and service 9am. Collection for Legacy.

Saturday 25 May: Filthy Rocks concert (see ad page 3).

Uranquinty Newsletter

March 2024

STOP PRESS!

As we go to print, the news that Dunns Road has actually opened as a revitalized public thoroughfare has been welcomed with huge relief.

Progress Association News

URANQUINTY WATER TOWER

UPA is working with Wagga's tourism staff to promote the water tower and our village. We met with staff from the Visitor Information Centre to discuss how Council can help in putting up signs to the water tower. Discussions with Destination NSW to get an affordable sign on the highway have proved to be non-negotiable so we are pursuing other funding possibilities with Wagga City Council.

WAGGA WAGGA CITY COUNCIL

An information session was held on Tuesday 28 February at the Hall with Council staff who promoted the new Wagga Wagga 2050 Community Strategic Plan and answered questions from community members.

Dunns Road

The upgrade for access from Dunns Road to the highway is continuing and we look forward to the completion of the work in the next few weeks. We understand that completion of the roundabout at the Holbrook Road end is continuing, and that the road should be reopened in March. We are aware that vandalism at the highway end of Dunns Road is a continuing problem and that a sensitive camera has been installed at the barrier to try and prevent this behaviour.

Uranquinty Flood Plain Management Plan

The representative from Royal Haskoning DHV, consulting engineers appointed by WWCC to undertake a feasibility study and design for the Uranquinty Levee

Upgrade, gave an in depth presentation on plans for the levee upgrade for the village, which was very welcome and there was a useful Q&A session. We will keep the community informed on developments. A further in-depth community consultation is planned in the near future.

General Maintenance – use of oval

Discussions with WWCC staff have been ongoing regarding the unauthorised use of the oval by cars and horses. After inspection by UPA and Council staff, the plan was to replace the chain on the gate to prevent car access and install signs saying horses are prohibited from using the oval.

General Maintenance – Tennis Club toilet block

The issue of the toilet block next to the Uranquinty Tennis Club was again raised and we are advised that plans to upgrade the block should be included for this year. It was emphasised that members of the Tennis Club should be involved in any upgrades and that a disabled toilet/change facility should also be included.

YARRAGUNDRY ESTATE

The block of land within the boundaries of Yarragundry, Best, Uranquinty and King Streets is still under development and has been an ongoing issue since 2016. The block was originally Crown land and passed on to the Wagga Wagga Aboriginal Lands Council and after some years Council finally approved development of 14 residential blocks. Problems with installing services such as stormwater drains, and power have been continuing for the last 18 months or more and the work is still not complete.

UPA has again pursued the problems at the site, specifically with the inadequate safety barriers and signage around the block which was a significant safety issue for pedestrians and road users. With the assistance of the engineering consultants and Council staff, the contractor has upgraded the site barriers & road safety signage. We still have no idea when the services to the block will be completed and are actively pursuing this with the consulting engineers, who are acting on behalf of the (unknown) developer, as it has been a longstanding saga, and the delay is not acceptable to the community or potential buyers.

COMMUNITY HALL

Bookings for the hall are going well and UPA is pleased to announce that Ben Bell is our new Hall Coordinator, which is great news. Ben lives opposite the Hall which makes for easy access for those hiring the hall. Please go to our website at <https://uranquinty.com.au/> to book an event. We have had a variety of bookings ranging from family functions, gentle exercise, trial gentle yoga, dog training and a school holiday program in April, details to be distributed soon.

We have been informed that results of Council’s funding application to Crown Lands on our behalf will not be known until May which is disappointing, but we will keep everyone informed.

GENTLE EXERCISE CLASSES

Murrumbidgee Local Health has been running these classes on Wednesday mornings at 10.00am and it is now

a permanent feature. Classes are open to everyone; tea and coffee are available afterwards – and it’s free!

COMMUNITY-COUNCIL MEETING

There will be another community information session with WWC on the evening of Tuesday 16 April and we will advise more details nearer the time. Please come along and have your say.

URANQUINTY HOTEL SOCIAL CLUB

Firstly I would like to welcome our new members that have joined our social club Thank you & welcome.

At present we are getting behind one of our locals Felicity Baumer who is taking part in the Wagga Wagga Takes 2.

Felicitys is supporting Good Talk which is for Mens Mental Health.

We have been very lucky to of had a 40 litre 60th anniversary Engel fridge & cover donated by O'Reilly Trucks & Quinty Social Club.

2 x cartons of beer supplied by Quinty Hotel. Stubbie holders supplied by Going places Automotive.

There are tickets being sold around the place for \$10.00 per ticket and the pub has a book there if anyone would like to drop in & grab a ticket and maybe shout themselves a beer.

On the 14.4.24 we are having a special day with Slammin Drums playing cool tunes from 2 pm.

There will be a sausage sizzle by Quinty Social Club with Shepherds Hub, Little Latte supplying food and drinks from 12pm

We are having face painting for the kids as well.

This will be a great day we would love to see lots of people turn up to support a great cause.

The next meeting will be on the 17.4.24 @ the Quinty Hotel @7.00pm.

I would like all that are involved to be there please as we would like to plan our next outing to go and play ten pin bowling.

Regards Skip

ST PATRICK'S URANQUINTY

(Please note the temporary phone number of 0408 492 632 while the phone system at the presbytery is being upgraded)

Weekend Mass Times Times of Mass at Our Lady of Fatima, Bourke St are 5:00pm Saturday and Sunday 8:30am and 10:30am. Devotion to Our Lady and Benediction follows Saturday Mass at 6.15pm.

Baptisms Any families wishing to have their children baptised should contact Father Casanova at Our Lady of Fatima Presbytery. Preparation meetings are held at 9am usually on the first Saturday of each month).

Sacraments to home-bound or when in Hospital
Please notify Fr Casanova (ph. 6925 2111) when a member of your family or a parishioner is in hospital or house- bound and in need of the sacraments, especially the Anointing of the Sick or Holy Communion.

An **Anointing Mass** is held at 10.30 am on the fourth Tuesday of each month in the Parish Hall.

The parish bulletin is published every Friday. If you

2024 HOLY WEEK TIMETABLE

Chrism Mass/Mass of the Oils:

11am Tuesday 26th March at St Michael's Cathedral. All welcome.

Easter Triduum

Our Lady of Fatima

Holy Thursday 28th March: 7pm Mass

Good Friday 29th March: 10.30am Stations of the Cross
3pm Passion of Our Lord

Easter Vigil: Saturday 30th March: 7.30pm

Sunday 31st March - 5:30am DAWN,
8.30am & 10.30am

St Patrick's Uranquinty: Sunday 31st March: 8:30am

would like to receive a copy and have an email address, please contact Cheryl or Jean at olofparishsouthwagga@gmail.com, ph 6925 2111.

The office is open 9am - 1pm Tuesday – Wednesday and 10am - 2pm Thursday – Friday (not open Monday).

Happy Easter everyone
Best wishes and safe travelling!

Mass times at Uranquinty

Fr Casanova has offered to say Mass every Sunday at St Patrick's Uranquinty; however the time would have to change to Sunday afternoon until an assistant priest is appointed to Our Lady of Fatima. He would like suggestions from interested parishioners as to what would be a suitable time. Feedback should be provided direct to the parish office and/or at Easter Mass.

URANQUINTY PUBLIC SCHOOL

New Families

This year we welcome 6 Kinders and another new family to our school. Our student numbers are stable and we have three classes operating at school. We also welcome Mrs Jodie Byrne to our teaching staff this year.

Swimming Carnivals

We held our School Swimming Carnival at The Rock Memorial Pool earlier this term and then had many students attend the Wagga Small School's Carnival at Oasis in Wagga.

Congratulations to Henry Price who was the 11year Boys Swimming Champion and went on to represent us at the Wagga PSSA carnival.

Soccer Gala Days

Our senior students combined with the other small schools to compete at the Boys & Girls Soccer Gala days this term which was held at the Duke of Kent oval in Wagga. Toby Saunders was a stand out player and did not stop for a rest all day!

Clean Up Australia Day

All of our students participated in cleaning up, in and around our school and along the walking track down to Wirraway Park, where a lot of rubbish was collected on a very hot Friday!

Wiradjuri Lessons

Aunty Gail is back with us this year to continue our students learning of the Wiradjuri language and culture lessons. Aunty Gail is a popular visitor each Monday and our student's understanding of Aboriginal culture is growing.

Uranquinty Power Station Update March 2024

Uranquinty Power Station (UPS) is owned and operated by Origin Energy. The station comprises four gas turbines with a total generating capacity of 640-megawatts (MW).

Station Update

Uranquinty Power Station has had a busy summer period, helping to deliver reliable electricity during peak demand periods during warmer weather across the state. As we head into the autumn shoulder period we are beginning our planning and preparations for a two-week outage on GT11 and GT12 in June to complete preventative maintenance to ensure these units continue to operate safely and reliably. In October 2023 we successfully completed the same routine maintenance on GT13 and GT14.

In team news, we're very excited to have two locals join the power station - -- Graham "Grizz" Helyar and Brent Blackstock. Our new Senior Plant Technicians will bring a wealth of knowledge and experience to the team. The team have also been busy over the past weeks organising boundary fence maintenance along Uranquinty Cross Road.

As some in the community may be aware, the APA Group is proposing to construct and operate a compressor station near the Power Station to help increase gas supply to NSW and Victorian households. If approved and built, this facility will not impact the operations of Origin's Uranquinty power station.

Over the next few months Origin and the team at Uranquinty Power Station are focusing on planning and executing repairs and maintenance for safe and reliable operations through the winter period.

**Harold Villalba Tapia - Plant Manager
Uranquinty Power Station**

Uranquinty P&C Battery Drive

Do you have any dead batteries lying around? Do you know someone who does?
Please text or call Skye **0429 205 182** for drop off instructions or we can arrange collection.

Uranquinty Power Station Update March 2024

Community Investment

How Origin supports local firefighters

The Uranquinty Brigade of the NSW Rural Fire Service (URFS) is a volunteer team that protects our community from fire and other emergencies. They requested Origin's support to purchase some life-saving equipment: thermal imaging cameras and high-risk remote area first aid kits.

Thermal imaging cameras are devices that turn heat into visible light. They help firefighters see through smoke, darkness, or obstacles, and find hot spots or hidden flames. They also help locate people who are trapped or missing in fire situations.

First aid kits are critical for treating injuries or illnesses in the field, especially when medical help is not nearby. The URFS needs special kits that are designed for high-risk remote areas, where fires and other hazards are more likely to occur.

Origin also helps the URFS by providing access to our Uranquinty Power Station for water supply. This helps the brigade fill their trucks quickly and efficiently whenever they need to fight fires.

How Origin supports our local community

Origin is a company that values its relationship with the communities where we operate. We believe that by working together, we can create positive impacts and shared benefits for everyone. That is why we are dedicated to providing assistance to grassroots initiatives that align with our priority areas:

- Community Events and Activities.
- Skills and Education
- Community, Safety, Health and Wellbeing; and
- Environmental Stewardship.

We are always looking for opportunities to support and collaborate community initiatives and activities that fall within these categories. Whether it is a local festival, a sports event, a health campaign, an educational project, we want to hear from you and explore how we can contribute and provide support to make your initiative a success.

If you have any upcoming events or activities that you think Origin can help with, please contact Catherine Beaumont, our Community Relations Officer, at catherine.beaumont@originenergy.com.au or 0460 007 604. She will be happy to discuss your proposal and provide you with more information on our community partnerships and sponsorships program.

We look forward to continued and positive engagement with the community in the coming year.

SOCIAL NEWS

Adam Peter Jack was born on the 19th June, 1975, the first child of Wendy Jack/nee Taber (now Protheroe) and Peter Jack. He is survived by his wife Donna and son Liam (both in Scotland), daughter Tara, his mother Wendy and stepfather Wayne, and his siblings Rebecca (Sadler), Timothy, and Andrew, along with their partners and families. Wendy, Wayne, Tim, Bec and Andrew travelled to Glasgow for the funeral, a devastating time in our lives, from which we will take a long time to recover. Both the Jack and Taber families were well known local families, and Adam was the first grandson of Stanley and Isabel Taber and Bill and Betty Jack. The Taber family was one of the first settlers in Uranquinty and Stan was a well known and much loved Uranquinty identity. The Jack family owned 'Connorton' Uranquinty - now the property of Bruce and Wendy Harris. Adam went to Uranquinty Public School for his primary education and, being very good at sport, represented the school in AFL, Rugby, athletics and swimming. His passion from an early age was Australian Rules Football, with his father Peter having close ties with the Turvey Park Football Club and coaching juniors for many years. Adam started playing football in the Turvey Park Under 8's and continued with Turvey Park right through his junior football, being picked to represent the League on many occasions, but the highlight of his junior career was being picked in the Under 15's NSW State side.

He attended Mt Austin High School where he continued to excel on the sporting field, his representative duties at times leaving his mother worrying that there was not enough time for study (a fact that didn't worry Adam so much). He represented the school in AFL, swimming and athletics and when he left in 1991 he received a sporting pennant.

He was a well known local footballer, playing for Collingullie, Ashmont, Uranquinty/Kapooka and Ardlethan. He was playing for North Wagga before making the move to Scotland after meeting Donna, whom he met in Wagga while she was here on a working visa. They have one son, Liam.

Adam was a well known identity in the Scottish community. While visiting the Walkabout Australian Bar in Glasgow, not long after going to Scotland, he had a chance encounter with some Glasgow Sharks Players and so began a deep involvement with the Club which continued until his death. He had only just retired from playing but also was on the executive Committee and coached, most recently guiding the Shark' AFLW side to a premiership. He was also appointed Assistant Coach for the Scottish Clansmen Team and enjoyed the trips away for the representative games throughout Europe. Not too bad for a boy from Uranquinty who hadn't even been out of the country until he flew to Scotland in 2003. He worked as a Security Guard with Mitie at Fedex in Linwood and was a well respected part of the team. Outside of football and work, he also enjoyed fishing and golf, he was a member of the Renfrew Golf Club and loved to tell his Australian family of taking the short plane journey in a tiny plane to play golf at Machrahanish on the Mull of Kintyre.

Hundreds of people attended Adam's funeral, many of them standing outside in the terrible Scottish weather and the funeral was a celebration of the amazing, kind and loving man he was. The entire Glasgow Sharks teams, both men and women, formed a guard of honour for him in the freezing Scottish rain. Rebecca managed to give a wonderful eulogy for her brother, telling all who attended, of Adam's life in Australia before they knew him. AC/DC was playing 'Thunderstruck' as people entered and as everyone departed, the Collingwood Club song was playing - he was a huge Pies fan. In fact, he watched every game of AFL every week and Donna joked that if he wasn't playing or coaching, he was watching Aussie Rules on TV.

During his time in Australia, he made many lifelong friends and he stayed in contact with a lot of them once he went to live in Scotland. We, his Australian family, only realised the impact he had made when we were contacted by so many of his friends, shocked to hear of his passing. Because the situation was unusual, and because the funeral was in Scotland, we would like to take this opportunity to thank everyone who contacted us and to tell everyone how much comfort we have taken from all the messages of support.

In other news Condolences go to the family and friends of Ron Heyler, who passed away recently, and to Narelle Graham and family and friends of Laurie Graham who also sadly passed away recently. The death has also occurred of Olive Harris, mother and mother-in-law of Lyle and Katie Salmon. Condolences go to Lyle and Katie Salmon, Fred and Tracy Harris, Snow and Alison Harris and daughter, Rosemary. Our thoughts are also with Ron Parkin and family on the recent passing of his brother Eric.

Katrina Arundel

Katrina Ann Arundell (Dosser)
September 9th 1985-January 4th 2024

Aged 38 years

Loved and loving wife of Brian Arundell and mummy to Lillian and Lawrence.

Family was a huge part of Katrina's life being the middle child of Clive and Ann-Maree and sister to Mitchell and Sami .

The big move to Uranquinty came during her high school years at Mt Erin. Katrina loved living on the farm and at 18 decided to buy her own bit of Quinty. The old general store became her passion project and her home, eventually establishing her family there.

After finishing school Kate worked at the family bakery before she took up a traineeship as a florist. This set the wheels in motion for her 'baby', Freckles Flowers.

Freckles came first and was the joy of her life then Kate met and fell in love. Brian was her perfect partner always loving, encouraging and supporting. Children followed with Lillian in 2015 and Lawrence in 2019.

After a devastating diagnosis in September 2022 Katrina fought with everything she had. Treatment and making memories filled the time Kate had left.

Their engagement and Quinty wedding and a family holiday with time together filled her remaining months.

Katrina lost her battle in the early hours of January 4th 2024, with her husband and children at her side. So loved and missed.

THE SAGA OF DUNNS ROAD

It has been a long fight over the years to keep this road open and in reasonable condition. Bill and June Dunn lived on the western end of the road which only went as far as their driveway. Bill was a farmer and his wife, June was very involved in the Wagga School of Arts including being president for 25 years and earning an OBE for services to the Performing Arts and Community.

In the 1980s the rest of the lane way was cleared and opened up to be used as a fire trail to connect to the Mangoplah Road. It very quickly became a short cut to Lake Albert and Forest Hill but was very rough and boggy especially in winter. As a result Council decided to close the road and brought in truck loads of dirt to build a bank across the road just past the entrance to Dunn's farm. This had no affect and people just drove around the embankment or over the top. After this a fence was erected across the land with a locked gate and a few keys given out to those who lived along the lane. This also didn't last very long as the locks were continually cut off.

Council then gave up and graded the road to make it safer. Tragically in 2000, one of Uranquinty's popular young residents, Tracey Gunson, lost her life after hitting tree early one morning.

The next year, Council once again vowed to close the "dangerous road" and the Uranquinty Progress Association met with them to plead our case that it was a popular short cut to sporting fields and the airport. Council then sent out a survey to local residents and received a large number of replies, urging them to keep the road open. The result of this was to put a 4.5 ton limit on the entire length of the road.

In 2004, after much discussion and argument they again decided to close the road, so a petition was circulated and over 1,100 signatures gathered along with a traffic count of between 500 and 600 cars a day.

The road users won and Council upgraded the road, moved some power poles and sealed the crests.

In 2011 Council allowed \$2.5 million in their 2013/2014 budget to upgrade Dunns Road, however this did not happen and the only modifications that were made were to reduce the speed limit to 80km per hour and place speed bumps on either side of the Mangoplah Road.

Prior to the 2016 federal elections, the member for Riverina, Micheal McCormack, promised \$2.5 million toward the upgrade of the road.

By 2018 Council had once again decided to close the road because they had received a petition from the residents on the Mangoplah end of the road, telling them how dangerous the road was, despite the fact that they hadn't driven along it. Local residents reacted by signing another partition attracting 1500 signatures from as far away as Henty, Yerong Creek, The Rock and beyond. As well as various television interviews, two council forums, one for those against and one for those at Uranquinty to keep the road open, and a reassurance from Micheal McCormack that the grant could only be spent on Dunns Road, council finally got the message that this road had become important to the district. now been closed for over 12 months before finally re-opening on 24 March, 2024.

QUINTY SERVO & POST OFFICE

We are now preparing hot food on weekday mornings. Bacon and egg rolls etc are in the bain-marie from 6.30am.

Check out the monthly specials in store.

We also stock bags of firewood, ice, swap and go gas bottles and soda stream bottles and motor oils.

Post Office services include bill payments and banking services (withdraw and deposit).

We have plenty of Post Office Boxes available to rent.

Store opening hours

Monday-Friday 5.30 am-8.00 pm

Saturday 6.30am-8.00 pm

Sunday 7.00 am-8.00 pm
